## BIOGRAPHY

I am a Swedish and Colombian film actress. Presence, empathy, and the art of listening are at the core of my work. I am fascinated by our emotional register and how subtle inner life becomes expression on screen. Raised in Jakobsberg and now based in Södermalm, I followed my creative calling into acting. I love to laugh, believe travel shapes us deeply - it makes us rich and poor at the same time. Also a mother of two boys and a true sucker for Christmas/Halloween.
